WENTWORTH KITCHENS

Who are Wentworth Kitchens?

At Wentworth Kitchens, we take pride in being a truly independent, family-run business based in the heart of St Albans, Hertfordshire. For over 20 years, we've been helping customers across Hertfordshire create their dream kitchens. From the initial design to final installation and ongoing aftercare, we're here to support you at every step of the journey.

As a husband-and-wife team, Simon and Claire bring a unique, personal touch to every project. With years of experience and an innate understanding of the needs of a family kitchen, they know how to create spaces that are not only functional but also the perfect centerpiece for modern family life. They take the time to listen, guide, and work closely with you to craft a kitchen that reflects your individual taste, lifestyle, and needs.

As an independent company, we offer the flexibility and choice that larger chains simply can't match. We proudly showcase three high-quality kitchen brands, providing a wide range of styles, finishes, and appliances to suit every home. Whether you're after a sleek, modern look or something more traditional and timeless, we've got you covered.
